

IPSACON 2025 Hyderabad

Poster Making/ Presentation Guidelines

Please keep the design organized, clear, and visually appealing. Graphics, diagrams, and bullet points are more effective than large blocks of text to convey information and should be supported by a light background with dark text for readability.

Poster Size: 32-inch width and 44-inch height (Portrait Orientation)

Content and structure

- **Title:** Should be catchy, descriptive, and easy to read from a distance
- **Authors and affiliations:** List all authors, their affiliations, and highlight the presenter's name.
- **Content organization:** Arrange sections logically, typically starting with an introduction or background, followed by objectives, methods, results, and conclusions.
- **References and acknowledgments:** Include few only

Note: Please don't bring any adhesive materials, clips etc. All will be provided at venue.
